Calls Jesus "Fool" For Standing Silent

New York, March 17.—"If Jesus hadn't been the fool He was He would have answered Pilate's question," said the Rev. John Haynes Holmes, pastor of the Unitarian church of the Messiah, at the Broadway Tabernacle.

Mr. Holmes did not say whether he referred to Pilate's question, "What is truth?" or to his other query, "Where art thou?"

Earlier Mr. Holmes had declared in answer to a question, that if the United States went to war he would regret that it had not gone two years ago in defense of Belgium.

"If we enter the war now I shall regret to my dying day that we did not do so over Belgium, but wanted to fight in defense of our own selfish ends," said Mr. Holmes.

"After seeing Belgium raped from end to end and we waited until our own interests were affected."

By feeding grain alone you over-feed part of the chick's body and under-feed other parts. Grain feed supplies an excess of heat and energy but is deficient in elements that make bones, nerves, bone, lean meat and feathers.

Purina Chicken Chowder

contains an abundance of the very elements which grain feed lacks—and thus all parts of the chick get maximum nourishment. When fed with Purina Chick Feed as directed, we guarantee

Instantly! Corns Stop Hurting!

Corns Loosen and Lift Out

No pain! Few drops loosen corns and calluses so they fall off—Never let corns ache twice—No humbug!

For a few cents you get a small bottle of the magic drug freezone recently discovered by a Cincinnati man.

Just ask at any drug store for a small bottle of freezone. Apply a few drops upon a tender, aching corn or callus and instantly all soreness disappears and shortly you will find the corn or callus so loose that you lift it off with the fingers.

Just think! Not one bit of pain before applying freezone or afterwards.

It doesn't even irritate the surrounding skin.

Hard corns, soft corns, or corns between the toes, also hardened calluses on bottom of feet shrivel up and fall off without hurting a particle. It is almost magical. Freezone is a scientific compound made from ether, says a well-known druggist here, and the bottles packed in a round, wood case. Don't accept it unless in a round, wood case.—Adv.
